

# Fans/filters/hoods

## 485462

---

---

### Product description

#### Our new FFI and FK series:

FFI / FFU: Fan with filter

FK: Filter kit

FPF: Filter kit (outgoing)

F: Fan package

FFH: Fan hood/coil cover

For ventilation of cabinets.

Protection class IP 54, according to 60529.

Fans and exhaust kits are mounted without tools using the snap locks.

Filters on the inlet are easily changed from the outside as the filter holder has a hinge function.

Replacement filters are available and ordered separately. Specify order no. UF followed by the size of the fan.

The exhausts have built-in cold-rash protection for maintenance-free handling. Also available for filters if desired.

Fan frame with filter (in)
